

Drop-in Cases

Drop-in cases, also known by FEFCO code 0201, are the most commonly used shipping case format, with a glued base and open top for ease of packing. Made from our low carbon corrugate, they are 100% recyclable, made using recycled material, robust, and offer an impactful branding opportunity through high graphic print.

Features

- Classic shipping case format
- High quality, flexographic post print
- Precise flat-bed die-cutting

Options

- Up to 6 colour print
- Various varnishes (Matt, Gloss, Emulsion)
- Printing applied in 100% coverage, spot, or reversed out
- Wide variety of board qualities and finishes

Benefits

- Impactful branding opportunity
- High quality and knowledgeable service
- Access to One Stop Purchasing service

Design for Sustainability

- 100% recyclable - corrugate fibers can be reused up to 25 times
- Recycled content
- FSC-certified materials
- Streamline your supply chain and reduce packaging waste by ordering your secondary packaging from McLaren Packaging, packed in our corrugate cases with our divisions, ready for your product to be added
