

# E-commerce/Mailer Packs

Mailer packs for your e-commerce sales provide an opportunity to enhance your customers' interaction with your products through bespoke-designed corrugated packaging that both protects your product through the rigorous transit process and best presents it upon arrival and opening.

## Features

- Bespoke solutions for your product
- Ultra-robust designs to allow for transit through postal systems
- Avoid the need for additional collateral by printing your message, instructions &/or brand story on the pack inside

## Options

- Various varnishes (Matt, Gloss, Emulsion)
- Printing applied in 100% coverage, spot, or reversed out
- Wide variety of board qualities and finishes
- High quality, flexographic post print: up to 6 colour print

## Benefits

- Manage your customers' unboxing experience through packaging specifically designed to best present and protect your product
- High quality and knowledgeable service
- Access to One Stop Purchasing service

## Design for Sustainability

- 100% recyclable - corrugate fibers can be reused up to 25 times
- Use of recycled content
- FSC-certified materials
- Paper based fitments: eliminate bubble wrap, foam pellets, foam fitments and vac form
